

# **IONIA**

# **COUNTY**

# How to Estimate Current Year Taxes

- Step 1: Find out current taxable value for the property
- Step 2: Look up the county, city/township and school district the property lies within. Also, make sure to verify whether the property is homestead or non-homestead
- Step 3: Multiply the taxable value by the millage rate (remember to always move the decimal point three places to the left)

## Example of calculation

Taxable value = \$100,000

Millage Rate; Summer – 26.42380/Winter – 6.19400 (assumptions- Property is in City of Grandville, Wyoming school district and will be claimed homestead by May 1st of current tax year)

Multiply Taxable Value by Millage Rate to receive estimated tax amounts

$$\text{\$100,000 X 26.42380} = \text{\$2,642.38} = \text{Estimated Summer bill}$$

$$\text{\$100,000 X 6.19400} = \text{\$619.40} = \text{Estimated Winter bill}$$
